Kitchen Cabinet Refinishing

Save 80%
over Replacement!

Save 50%
over Refacing!

We can professionally refinish your existing out of date kitchen cabinets with a smooth, durable semi-gloss finish that looks beautiful and is non-porous making it very easy to clean.

Using our time proven and guaranteed coating system you can save thousands of dollars over replacement and up to 50% over the cost of refacing.

Easy, Less Downtime

Using industry leading technology and experience, we can quickly and expertly apply a fresh, factory new look for wood or metal cabinets. With most jobs completed in as little as one day, you avoid the time consuming and upheaval associated with replacement and refacing.

Our high performance coating actually bonds to the original substrate and will not delaminate over time, unlike refacing materials, which is glued on. Our trained technicians deliver unsurpassed quality of workmanship with your satisfaction our goal.

Kitchen Counter Refinishing

Why replace when it only needs a new look?

Worn, scratched, and outdated colors on existing countertops can also be quickly and professionally refinished in a matter of hours, adding many more years of service life.

Our tough, durable finish is impact, scuff and scratch resistant and meets or exceeds the original manufacturer's specifications for stain and acid resistance. Available in a wide range of decorator colors to compliment your remodeling projects.
